Dear sir,

I am very much obliged to you for your letter of November 9th. I am writing a book on the subject "The Amphibian in art" This has taken me into so many different fields as Numismatics, that I have found it necessary to consult specialists. Unless you object, I will use portions of your letter in my new book of course giving you credit for the same.

Adventures
I am an expert in the field of Entomology and I appreciate your prompt and courteous reply.

Yours very sincerely
